

## A message from the NBAA Learjet Technical Committee:

Have you experienced,

Operations issues?

Maintenance issues?

Service issues?

Parts issues?

And, were not completely satisfied with the results? If so, please contact a Technical Committee member.

The NBAA Learjet Technical Committee is established to represent Learjet operators and technical personnel regarding operations, maintenance, service and parts issues with the purpose of improving the Learjet aircraft in service, performance and reliability.

The committee meets with Learjet technical personnel twice each year to address issues.
